# Part A: Pupil premium strategy plan

## Statement of intent

We are ambitious for all our pupils to achieve and aspire at Chagford Primary School.

Our intention is that all pupils, irrespective of their background or the challenges they face, make good progress and achieve their potential across all subject areas. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve that goal regardless of their starting point.

We will consider the barriers faced by vulnerable pupils, such as those who have a social worker and young carers.

High-quality teaching is at the heart of our approach, with a focus on areas in which disadvantaged pupils require the most support. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school.

Our approach will be responsive to common challenges and individual needs, based on robust, ongoing assessment. To enable our approaches to be effective we will:

Ensure a relational approach in all interaction and work to support disadvantaged pupils and their families

ensure disadvantaged pupils are challenged appropriately

act early to intervene at the point need is identified

adopt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Attendance
2	Mental health and wellbeing
3	Gaps in learning and progress from starting points

#### KS2 attainment for disadvantaged pupils 2023

Average Scaled Score (Re, Ma)

## KS2 progress for disadvantaged pupils 2023

Average Scaled Score (Re, Ma)

To help us gauge the performance of our disadvantaged pupils we compared their results to those for disadvantaged and non-disadvantaged pupils at national and local level (though these comparisons are to be considered with caution given ongoing pandemic impacts) and to results achieved by our non-disadvantaged pupils.

Based on all the information above, the performance of our disadvantaged pupils did not meet expectations, and we are at present are not on course to achieve the outcomes we set out to achieve by 2024/25, as stated in the Intended Outcomes section above.

We have reviewed our strategy plan and made changes to how we intend to use some of our budget this academic year.
